

ASSIGNMENT #10

Jan Besler (ID: 5629079)
Tim-Moritz Bänder (ID: 5635975)

sea-shell

Exercise 2: Entity Relationship Model

Additional Assumptions:

- 1 Each word has assigned at least one employee.
- 2 Each hospital employs at least one employee.
- 3 A doctor may treat not a single patient primarily/additionally.
- 4 Each employee is assigned to at least one word.

Additionally, the relationship patient IS TREATED IN hospital is present, but was not explicitly mentioned in the instructions and is therefore neglected.

Additionally, the relationship hospital EMPLOYS doctor is present, but already covered via the hospital EMPLOYS employee - relationship (since every doctor is an employee).
